

UNDERSTANDING SUSTAINABILITY IN ENGINEERING

Are you ready to make a meaningful impact in your organization? Skills Bootcamps are free, flexible courses of up to 16 weeks, giving people the opportunity to build up sector-specific skills and an offer of an interview with an employer upon completion.

INTRODUCTION

This Skills Bootcamp will cover the essentials in sustainability and explore practical strategies to integrate them into business operations including:

- Introduction to Sustainability
- Waste and Energy Management
- Leadership and Culture
- The Power of AI
- Shoestring: digital solutions to enhance efficiency, productivity and quality

Suitable for employees within businesses of all sizes and industries, as well as professionals in managerial or decision-making roles who are interested in integrating sustainability principles into their organization's operations.

WHAT DAY IS THE SKILLS BOOTCAMP?

This Skills Bootcamp takes place on Wednesdays for 12 weeks starting 2nd October 2024, 9.30am – 3pm.

WHERE IS THE SKILLS BOOTCAMP DELIVERED?

This programme will be delivered in a mix of both online and face to face sessions. At times we will utilise our Extended Reality classroom to enable guest speakers from industry. In person sessions will be delivered at our University and Professional Development Centre, 73 Weston Way, Bury St Edmunds, IP333SP.

WHAT IS THE LEARNING OUTCOME OF THIS SKILLS BOOTCAMP?

Participants will gain an understanding of the basic sustainability principles and their practical application in business. They will gain insights for reducing environmental footprint, explore sustainable supply chain management and develop an understanding of leadership skills to foster a culture of sustainability within their organisation.

LEARNER COMMITMENT

We ask that you keep in touch to inform us of next steps following the Skills Bootcamp to show that the training provided via the Skills Bootcamp has resulted in a new or enhanced role that utilises skills and knowledge learned on programme.
